Our town has an environmental problem. We have lots of water pollution in Mallard Lake. The lake has a lot of trash such as plastic bags and bottles. In the past, there were a lot of fish in the lake. Now, there aren't many fish in the lake.

We should get a group of people together and organize a lake clean-up. We can use boats to help us move around on the lake. We can use special tools to pick up trash from the water. **This** will help to reduce water pollution in Mallard Lake.
